Online Education

| 1. Does all programs/courses were completed on time. | Yes | | |
|---|--|---|--|
| 2. Measures taken to complete the syllabus of courses and programs. | <p>All the programmes taught in the college are affiliated to University and hence, all departments are required to implement the syllabus prescribed by the University. Before the new academic session begins, it is the responsibility of the head of the institution to finalize a few things based on which a lot of other things would follow. These include, number of working days, list of holidays, vacations – summer/winter, examination/assessment schedule, annual events and other celebrations, Parent Teachers Meetings, student workshops etc. Only after these dates are identified, it will be easy for the teachers to start working on plans related to their respective classroom teaching & learning. According to a set of teaching plans based on an academic calendar, that is detailed enough to cover the available timeframe, yet flexible enough to permit changes. The teaching plans consist of detailed apportionment of the syllabus among all the faculties of a particular department. The apportioning is done democratically through discussion and deliberations among faculties in departmental meetings. Faculty members take utmost care to complete the syllabus on time. Practical/Assignments, class tests and internal assessments comprise the formal evaluative processes, but students are encouraged to meet faculty beyond classroom hours for doubt-clearing and curricular discussions. Extra hours are devoted to taking remedial classes after completion of internal examinations to bolster students' preparedness before Semester examinations. The College makes continuous and conscious efforts to enable the students to realize their potential in the society. Some of the methods employed by the college in this process are experiential learning through which the Students intern with hospitals and provide hands-on training and make them professionally fit. Field trips to Grape farms, Coir and fibre industry, Press etc. are organized to promote grass root understanding of concepts. The students participate in various academic and co-curricular activities within and outside the college. The college is well equipped ICT facilities which is extensively used by teachers in day to day teaching to make delivery of the curriculum attractive to students. Interactive teaching is promoted through students' participation in group discussions, quizzes and seminars. Special lectures delivered by eminent scholars on topics related to the curriculum further intensify students' learning experience. The competitive spirit of the students is improved through internal tests, quiz and class tests. Periodic meetings of IQAC take stock of the progress of teaching learning, among other things and meetings of the Department with Principal and parent-teacher meetings are other forums where progress of the delivery of curriculum are regularly monitored and necessary course corrections are initiated. All these ways help teachers feel satisfied that they have done their job of completing the syllabus within the stipulated time.</p> | | |
